The Virtual Learning Environment for Computer Programming

Control C101A P37297\_en

Your task is to write a program that reads a natural number and prints the sum of their three last digits.

## Input

The input is a natural number  $n \ge 100$ .

## Output

The output is a line with the sum of the last three digits of n.

| Sample input 1 | Sample output 1 |
|----------------|-----------------|
| Sample input 1 | Sample output 1 |
| 654146         | 11              |
| Sample input 2 | Sample output 2 |
| 666            | 18              |
| Sample input 3 | Sample output 3 |
| 100000000      | 0               |
| Sample input 4 | Sample output 4 |
| 1111111        | 3               |
